Regarding  
Minimum Wage Ordinances within the jurisdiction of the  
Los Angeles/Orange Empire Collective Bargaining Agreement**

*The minimum wage is an obligation and responsibility of the employer and cannot be waived by any agreement, including collective bargaining agreements.*

*Southern California cities, counties, and municipalities, within the jurisdiction of the Los Angeles/Orange Empire Collective Bargaining Agreement, may implement Minimum Wage Ordinances specifically for jobs located within their jurisdictional boundaries. We encourage each contractor to investigate and confirm the minimum wage rates applicable for the area of all jobsites where sheet metal employees will be working, prior to commencement of work and periodically throughout the duration of the jobs utilizing sheet metal workers.*

The gross wage shall include the Union dues check-off monies in the amount shown in the Wage and Fringe schedules. All classifications will be required to pay a Union dues check-off rate equal to their percentage of the journeyman rate of pay multiplied by the journeyman Union dues check-off rate to determine the required hourly rate of Union dues check-off for every hour worked. After normal tax deductions are made from the weekly gross taxable wages, each Employer agrees to withhold the full amount in trust, up to and including the last pay period of the month and shall then remit said check-off monies in such manner and on such report form as provided in the Funds Payment Addendum. All weekly paycheck stubs shall indicate the amount of Union dues check-off monies withheld. Once the check-off monies have been properly remitted per this Agreement, the Employer shall have no further responsibility for same.

It is further agreed that if in the future, there is a need to increase the amount or to expand the use of this dues check-off, the Local Union shall have the control of determining the amounts or uses necessary from this fund.

**\* If a merit increase is given to an employee under any classification other than journeyman or apprentice, the employer must pay the Union dues check-off rate that closest coincides with the Union dues check-off rates for the employee's classification as listed on the wage and fringe benefit schedules provided by the Local Union. The rate must coincide with the actual amount the employee is being paid as to ensure the proper Union dues check-off rate is being reported on the employee's behalf. This notification must be in writing by changing the Union dues check-off rate reported to reflect the proper Union dues check-off rate on the fringe benefit remittance form or as a written communication to the dispatcher.**
